

VINTAGE OFFERING
2022 PINOT NOIR AND CHARDONNAY

ABOUT THE VINTAGE

The big story for many vineyards in 2022 was the sustained Labor Day heat wave. However, at Boars' View, with our proximity to the coast and row orientation opposite of the blazing afternoon sun, the story was more of a classic Sonoma Coast growing season.

Everything started on the early side, with bud break taking place in early March. The Spring and Summer months were marked by modest temperatures with only minimal and short-lived heat spurts. We realized early on that we had a modest crop load on our hands, so we kept a little more canopy leaf cover to provide shade for the medium, fist-sized clusters.

Harvest commenced the night of September 5th and the fruit was delivered to the winery at first light on the morning of the 16th. This growing season will be noted for making wines that show well early on in their time in bottle, with a lush fruit profile and pleasing, round mouth feel.

We continue to meticulously tend our [vines](#) and each year brings forward the finest crop from which Thomas and his team are able to handcraft the most expressive wines possible.

TASTING NOTES

Pinot Noir

The dark color of the wine inspires intrigue and draws you in by its mere presence. Exotic aromas emerge from the glass in concert suggesting notes of black tea, tart bramble fruits, quince, and anise. The densely layered palate is defined by a fine-tuned structure highlighting notes of pomegranate, lavender, and fresh sage. While still young and bold, this wine shows incredible potential to unpack with time in a decanter, or in a cool dark cellar. While this wine has much to offer today, the greatest truths this wine will tell can only come with time. — Thomas Rivers Brown

Chardonnay

In the glass, the wine is marked by a regal golden hue. Complex, layered aromatics of apricot, green mango, lilac, and crushed flint give way to a silky viscous palate marked by notes of honeysuckle, white peach and polished brass. While the front of the palate is noted by its decadence, the mid-palate is counter-balanced with an elongated acidity that frames up the wine, leading to an ethereal finish of flowers and citrus pith. This is one of the best expressions of [site](#) and varietal this vineyard has ever produced. — Thomas Rivers Brown

We hope you enjoy our Boars' View wines with our warmest appreciation for your support. Wishing you the best on the path ahead.

Cheers,

Fred Schrader and the Boars' View Team
